

The objective of the Ontario Grappling Association's Anti-Doping Policy is to discourage the use of Banned and Restricted Doping Classes and Methods as outlined by the International Olympic Committee. This Policy is in place to protect the individuals who are dedicated to competition in fair play.

The membership of the Canadian Combat Alliance and the Ontario Grappling Association:

- Acknowledges the seriousness of doping and the threat it attributes to fair competition and the well being of athletes
- Vows to actively resist such practices by any means available through legislation and management
- Express an unyielding willingness to work with all levels of government and national sport authorities in the advancement of doping education and promotion of fair play
- Declares the use of such substances to be in violation to the rules of the OGA and the Canadian Combat Alliance.

Canadian Centre for Ethics in Sport

The Canadian Combat Alliance and the Ontario Grappling Association acknowledges Canadian Centre for Ethics in Sport as the sole authority for administering drug testing within Canada and agrees to adhere to the most recent "Canadian Doping Control Standard Operating Procedures" as published by the CCES.

Doping related infractions are:

- Knowingly allowing the use of banned substances or practices
- Promoting the use of banned substances or practices
- Refusal to participate in doping control
- Blocking or aiding in blocking doping control and detection of banned substances or practices
- Concealing, supplying, or administering banned substances or practices
- Possession of banned substances without valid medical reason
- Importing or selling banned substances or materials intended for use in a manner contrary to anti-doping rules
- Failing to cooperate as requested in any CCES or sport-governing body investigation into a possible doping infraction.

Drug Free Education Programs

CCA and OGA will provide information relevant to a drug free sport to athletes and coaches and arrange for presentations of drug free sport education programs to groups at appropriate competitions and training camps.
